Business Analysis Report

Business Period: 25 Months

1. Gross Merchandise Value(GMV): **13591643** USD
2. Unique Customers: **96096**
3. Total Orders: **99441**
4. Average Order Value(AOV): **160.99** USD
5. Sellers: **3095**
6. Repeat Customer: **~3%**
7. **Customer Behaviour and Revenue Analysis:**
   - Mid Value Customers (Lifetime purchase between **50** and **300** USD) dominate with **62.35%** Revenue contribution.
   - **Cohort analysis** confirms **extremely low retention**, with only **~3.12%** customers making **repeat purchases.**
   - **Regular customers** with 3 times purchase constitute only **0.21%** and **high-frequency customers** with more than 3 purchases only **0.05%**. of the pool.
   - Cohort trends show **rapid drop-off after first purchase**, indicating weak long-term engagement.
   - Revenue trend closely mirrors **monthly new customer acquisition**, confirming that:
     Revenue growth is primarily driven by new customers, not retention
   - New customer acquisition declined in the **last two months**, directly impacting revenue.
   - **73.92%** customers preferred **Credit Card** while **19%** preferred **Boleto**.
   - Customer base is highly concentrated: ~40% from **São Paulo (SP)** and ~62% from **Top 3 states**
8. **Logistical insights:**
   - **7.87 %** of orders were delayed compared to Estimated Delivery Time.
   - Average Delivery Time is considerably higher with **12.5 Days**.
9. **Delivery Distribution:**
   - 63031 **(63.4%)** orders were delivered within **Average Delivery Time**.
   - 32114 **(32.3%)** orders took **13-30** days .
   - 3267 **(3.3%)** orders took **31-45** days .
   - 952 **(0.96%)** orders took **46-90** days .
   - 63 **(0.06%)** orders took **91-180** days .
   - 14 **(0.01%)** orders took **more than 180** days .
10. **Rating and Review:**
   - **Highest rated category:** Books General Interest *(4.45 stars)*
   - **Lowest rated category:** Security and Services *(2.5 stars)*
   - Delivery performance strongly influences ratings:
     - **On-time delivery:** 4.29 ⭐
     - **Delayed delivery:** 2.57 ⭐

   ~40% drop in rating due to delays

Executive Insights

- Revenue growth is primarily driven by new customer acquisition
- **Customer retention is critically low (~3%)**, confirmed via cohort analysis
- Delivery delays reduce average rating significantly (**4.29** → **2.57**)
- Revenue is concentrated in a few key product categories
- Customer acquisition is concentrated in only 5 states
- Credit card dominates payments (~74%), indicating digital preference

Key Recommendations for Business Growth

📌 **1. Improve Customer Retention:**

- Introduce **loyalty programs & repeat purchase incentives**
- Implement **personalized recommendations & remarketing campaigns**
- Focus on converting first-time buyers into repeat customers

📌 **2. Optimize Logistics Performance:**

- Introduce reform measures in management of logistics department.
- Reduce delivery delays through **supply chain optimization**
- Prioritize **on-time delivery SLAs**
- Improve last-mile delivery efficiency

📌 **3. Expand Geographic Reach:**

- Increase penetration beyond top few states
- Launch **region-specific marketing strategies**

📌 **4. Improve Product Quality & Seller Performance:**

- Identify low-rated categories and sellers
- Enforce **quality standards and seller accountability**

📌 **5. Leverage Payment Insights:**

- Use **credit card** user base **for targeted campaigns**
- Offer incentives for high-value customers
